Shaved Cowhide Rug Collection

The Shaved Cowhide Rug Collection is an experiment in creating textural patterns sensitive to individual hides' characteristics. Each unique piece is designed in respect to the hide's color, hair length, and shape.

Care: Avoid direct sun to maintain color intensity. To remove fold lines or wrinkles, steam with an iron, or spritz with water and allow to dry flat. Professional cleaning is recommended. In between cleanings, quilts may be vacuumed to remove any surface and dust.

Material: Hair-on Cowhide

Dimensions: Sizes vary depending on hide. Hides range from 4'x4' to 8'x10'

Lead Time: 8-10 Weeks
