Elevate Side Table

The Elevate Side Table composes three angular hardwood legs that split off from a triangular center post elevating a small geometric stone top. A small triangular tenon pierces the center of the table top communicating the construction and creating a subtle surface detail. Top available in various stone options and shapes. *Custom materials, dimensions and finishes available.*

Dimensions: 18"W x 18"D x 21"H

As Shown: Carrara marble, White oak

Lead Time: 10-12 weeks
