### Relief Stone Cabinet - Six Door

Part of the “Qualities of Material” collection, this six door cabinet is made entirely of Brazilian soapstone in three stacking units that rest on a simple hard maple wood base with heavy-duty leveling feet. Precision cut from one slab of stone, the doors, sides and back feature a triangular relief pattern and white marble veining that wraps continuously around the cabinet. The doors of the Relief Stone Cabinet feature a hidden magnetic closure and open effortlessly using custom precision machined hardware.
