

FORT STANDARD

Hemispheres

These solid spun metal containers create sculptural hidden storage spots perfect for a coffee table, desk top or bedside. Available in a large spheroid shape and smaller sphere, each vessel's highly polished parts fit snugly, creating near seamless forms. The Hemispheres reflect 360 degree fisheye views of the space they occupy and can be polished to maintain their luster or allowed to develop a naturally darker patina over time. Available in solid copper or brass.

Dimensions: Large 4"Ø, Small 2"Ø

As Shown: Copper
