ALLIED MAKER

Monoscope 4

The Monoscope collection is an expression of simple yet richly textured geometry. Hardwood veneer is wrapped over an Aluminum LED core and diffused by Japanese paper, borosilicate glass, and brass fittings. These materials are brought together by a skilled artisan to form an incredibly well diffused and bright lighting fixture. Shown in blackened brass and black walnut.

Standard Materials: Hardwood Veneer, Brass, Glass, Aluminum and Hakkinshi paper
80.25” L x 60.25” W x 16.75” H
