

## ALLIED MAKER

### Tri Cone

The Tri Cone pendant echoes its form in three geometric elements. A tetrahedron structure suspends a glass disc under a cone shade, housing a focused spot-light. The light is diffused by textured glass resulting in an expanse of diffused light. Shown in bronze and flat white.

Standard Materials: Machined Brass, and Blown Glass

21.25"H x 18.25"Ø

Weight: 10.75 lbs

Lead Time: Please Inquire

Certifications: cUL Damp Locations

Mounting: Fits all standard Junction Boxes

Lamping: 120V - GU10 Base

240V - GU10 Base
