

VONNEGUT KRAFT  
Bombora Credenza

The Bombora Credenza is named for the undulations and wave-like detailing of which it is rhythmically composed. The piece is made of solid white oak that has been shaped to invoke subtle dimension on each face of the piece, with custom made brass pulls that pierce the cabinet doors and mimic the same wave formations. The credenza features a natural travertine top, and may be specified with any stone or adapted in wood.

As Shown:  
White Oak, Travertine, and  
Brass.

Standard Materials:  
Wood, Travertine, Brass
