

Studio Paolo Ferrari  
Boe Bebop Lounge  
Chair

The Boe Bebop Lounge is the newest collaboration between Studio Paolo Ferrari and Hiroko Takeda. As an extension of the duo's creative journey as collaborators, the chair extends both designers philosophies of art and design, blurring the lines of rigid functionalism through improvisational, asymmetrical woven textiles. This piece was conceived for Colony's group show, The Knockoff Show, 2023.

Standard Materials:

COM, Wood

Standard Wood Finishes:
