

Coil + Drift

RIDGE Chandelier

A single brass stem drops from the ceiling with six bent brass branches reaching out culminating in leaf-like bent brass shades. The shades appear to weigh down their branches, pulling each branch downward. Or maybe they are reaching upward like a plant that has just enjoyed a Summer rainstorm after a long dry spell? The branches grow out of the stem in opposing pairs with each branch originating on its own horizontal plane making the chandelier intriguing from all vantage points.

As Shown:
Verdigris Brass

Standard Materials:
Metal, Glass

Bulb Included:
S: Emery Allen LED E12
2.5W Dim to Warm
L: Emery Allen LED E12 2.5W
2700K dimmable

Standard Dimensions:
S: 27" L x 27" W x 52" H
L: 44" L x 44" W x 100" H

Lead Time:
S: 14 - 16 Weeks
L: 16 - 18 Weeks
