

OTZI

Pommel Ottoman
Bench

A generous, beautifully proportioned silhouette that pairs traditional upholstery techniques with fine woodworking. The foundation of the piece is a hand-joined solid timber base, showcasing the beauty of the wood and defined by a dovetailed spline. This heavy timber frame floats on turned, adjustable solid brass feet. Above, the seat is built using natural upholstery fillings for lasting, sustainable comfort and is finished with precise, decorative stitching, creating a highly tactile piece suited for the foot of a bed or a spacious hallway.
