TOUCH Table Lamp

The Touch Table Lamp reinterprets the familiar spotlight as a tactile domestic object. Inspired by theatrical lighting, Touch produces a concentrated beam that purposefully illuminates a focused area. It features an adjustable brass or steel cylindrical can shade that points in any direction thanks to two radial swivels. The shade is attached to the side of a matching slender stem with a warm, wood accent and circular base.

As Shown:
Verdigris Brass, Natural Ash

Standard Materials:
Metal, Wood
